

3rd International Eumos symposium

November 6-7, 2014, Brussels

cargo securing
transport packaging
safe logistics

Gold Sponsors:

3rd International Eumos Symposium

on cargo securing, transport packaging and safe logistics

Huis van de automobiel, Brussels

Eumos is the international safe logistics association with head offices in Brussels and representations in most European countries. The annual Eumos symposium on cargo securing, transport packaging and safe logistics is known as the major event on this subject in Europe.

Symposium partners are KU Leuven, EVO, Federauto, ESTL, FCE-arrimage, MAWI and Eurosafe.

2014 is a milestone in the history of cargo securing and transport packaging thanks to the publication of:

- The road worthiness directive by the European Council and European Parliament
- A completely new edition of the European best practices guidelines on cargo securing
- The IMO/ILO/UNECE code of practice for packing of CTU's.

During the 2014 edition of the Eumos symposium, European decision makers and technical experts present the novelties related to legislation, standards, inspection and the state of the art technology.

Therefore this event does not only aim at logistics managers, packaging managers and designers, safety supervisors, cargo securing trainers, lawyers,... This 3e edition also focuses on the senior management of all companies that ship their products over the European roads.

The responsibilities of all parties involved are discussed in detail by several speakers.

The concept of parallel sessions allows to attend those presentations that are closest to your interest.

SYMPOSIUM VENUE

The symposium is organised in Brussels, 8 minutes away from Brussels international airport and Brussels Nord International train station.

An illustration of the presentations is provided during the visit to ESTL test lab at the end of the second day. Transfer to ESTL and back to Brussels airport/train station/hotel is provided.

The symposium can easily be combined with a visit to the historical town of Gent or Brugge.

FIVE GOOD REASONS TO ATTEND

1. Get an up to date view on the latest developments in cargo securing and transport packaging
2. Presentations on road side inspections by responsible police officers
3. Parallel sessions focussing on management information or technical information
4. Networking opportunities with delegates from around Europe
5. Translation English – German provided

Practical Symposium information

Sponsoring partners:

Organisation:

Eumos
Jules Bordetlaan 164
B-1140 Brussels
Tel +32 2 778 62 00
Fax +32 2 778 62 22
Mail: info@eumos.eu

Date of the symposium:

November 6 and 7, 2014

Registration:

The registration fee includes attendance at symposium sessions, lunch and coffee breaks on both days and a set of symposium proceedings. The registration fee is €650 for both days, €500 for Eumos members. Registration fee for one day is €400. Information on membership: www.eumos.eu

Symposium dinner:

All delegates are invited to attend the symposium dinner. This dinner will take place at a local restaurant on 1st evening. The additional cost is €75.

Symposium location:

Huis van de Automobiel
Woluwedal 46
1200 Brussel
T +32 2 778 64 00
F +32 2 762 81 71

Accommodation:

Delegates are responsible for booking their own accommodation. Eumos recommends the following hotels:

Hotel Mercure Brussels Airport
Jules Bordetlaan, 74
B-1140 Brussels
T + 32 2 702 11 72
F + 32 2 726 82 95

Courtyard by Marriott Brussels
Olympiadenlaan 6
B-1140 Brussels
T +32 2 337 08 08
F +32 2 337-08 00

IBIS Brussels Airport
Bessenveldstraat 17B
B-1831 DIEGEM
T +32 2 725 43 21
F +32 2 725 40 40

Programme Thursday November 6 - 2014

Plenary session: New regulations (chair: Wolfgang Neumann)

- 11.00h Welcome and introduction
Wolfgang Neumann - president of Eumos
- 11.15h European directive 2014-47-eu on road worthiness and road side inspections
MP. Dr. Dieter-Lebrecht KOCH -, Vice-chair commission of transport and tourism in the European Parliament
- 11.45h Conclusions on the use of VDI standards or European norms
Robert Maiworm - vice president of BAG Germany
- 12.15h Harmonisation of road side checks in Europe
Gerard Schipper - Acting General Delegate Euro Control Route
- 12.45 Lunch

Parallel session: Implementation and inspection of cargo securing (chair: Wolfgang Neumann)

- 14.00h Implementation and inspection of European norms in France
Arnaud Dupasquier - cargo securing expert France
- 14.30h Safe cargo securing of steel sheets
Ing. Marc Wiltzius - cargo securing expert in Luxembourg/France
- 15.00h Coffee break
- 15.30h Implementation and inspection of European norms in The Netherlands
Hielke De Haan - police officer and cargo securing expert in The Netherlands
- 16.00h Implementation and inspection of European norms in Southern Europe
Dario Messina - cargo securing expert Italy
- 16.30h Future trends for innovative cargo securing
Andreas von Kaenel - Head of Research & Intellectual Property at Allsafe group
- 17.00h Conclusion

Parallel session: Application of Eumos standards

- 14.00h Application of Eumos standards
Ing. Kristof Baeyens - CEO of ESTL NV
- 14.30h IMO/ILO/UNECE Code of Practice for Packing of Cargo Transport Units, scope and relevance
Ing. Patrick Van Lancker MSc - vice-chairman CCC (IMO)
- 15.00h Coffee break
- 15.30h IMO/ILO/UNECE Code of Practice for Packing of Cargo Transport Units, tasks and responsibilities
prof. Marc Juwet - member of group of experts of IMO/ILO/UNECE
- 16.00h New edition of "European best practices guidelines on cargo securing"
Ing. Willy Van Praet - member of group of experts of the EC
- 16.30h Dynamic stability and product fragility in the CTU loading problem
Prof. António Ramos - INESC TEC, School of Engineering, Polytechnic of Porto
- 17.00h Conclusions

- 19.00h Symposium dinner

Programme Friday November 7 - 2014

Parallel session: Interaction between product packaging and transport safety (Chair: Fred Hoozemans)

9.00h	Impact of better packaging on transport safety, product damage and environment J. Bickerstaffe - CEO, INCPEN - the Industry Council for research on Packaging & the Environment
9.30h	Consequences of packaging on transport safety Dirk Franssen - transport manager, H. Essers Warehousing . Transport . Systems
10.0h	UN regulations on packaging testing for ADR products Magdalena Bambouskova - Head of centre for technical standardization, Cimto s.p.
10.30h	Coffee break
11.00h	Stretch Hood Pallet Wrapping takes the lead Alice Holm Kristensen - marketing manager, Lachenmeier
11.30h	Why stretch film is the preferred packaging material for load unit retention Dr. Irene Schröter - Team Leader Technical Service, POLIFILM EXT RUSION GmbH
12.00h	Conclusion
12.15h	Lunch

Parallel session: Transport packaging technology (Chair: Luc Schets)

9.00h	Guaranteed Load Stability Through Advances in Stretch Film Technology David Finnemore - Senior Technical Consultant, W&H
9..30h	Optimal load securing by innovative packaging solutions Dr. Leen De Groof - Market development engineer, TOTAL Refining & Chemicals
10.00h	Cost effective film solutions for safe pallet logistics, François Chambon - Market development manager EMEAF, ExxonMobil Chemical
10.30h	Coffee break
11.00h	Advanced packing solutions for round containers to improve pallet's stability Cyril Touchet - Market Dvp Manager
11.30h	Packaging improvements to enhance transport safety Stuart Roberts – European Executive director of marketing, Sealed air
12.00h	Conclusion
12.15h	Lunch

Practical plenary session: Road worthiness evaluation

13.15h	Transfer to ESTL test lab: Test case on transport packaging optimization Film edge force measurements Vehicle testing
16.00h	final conclusions + transfer to train station / Brussels airport
